PROFESSIONAL SUMMARY

React Native engineer with 5+ years building and shipping production iOS and Android apps from React Native and TypeScript features down to native modules in Kotlin/Java. I've delivered apps to the App Store and Play Store across hospitality, loyalty, social and e-commerce domains, built reusable component systems, and bridged the JavaScript layer to native device code. Strong on clean architecture, testing, performance and end-to-end delivery.

EXPERIENCE

Mobile Developer (React Native / Android)

03/2026 – Present

Diehl Metering GmbH · Nuremberg, Germany

- Build production React Native features and native Android modules in Kotlin/Java, bridging the JavaScript layer to native code; maintain quality through code reviews

Full-Stack Developer (Intern)

11/2024 – 05/2025

EUROS Embedded Systems GmbH · Nuremberg, Germany

- Designed and built a real-time solar-energy data dashboard with React/Next.js and TypeScript; integrated third-party REST APIs and built a reusable UI component library

Hybrid App Developer (Intern) – Angular / Ionic

04/2024 – 09/2024

ETAS GmbH (Robert Bosch GmbH) · Stuttgart, Germany

- Developed hybrid iOS/Android apps with Ionic (Capacitor) and Angular; integrated REST APIs in an international two-week Scrum team

Senior Mobile Applications Developer

11/2022 – 10/2023

Orafox · Remote (USA)

- Natably** built and shipped a cross-platform React Native app (live on [Play Store](#) and [App Store](#)), including a responsive web build and APIs for web–app data synchronisation
- Owned reusable, decoupled UI components with a focus on UX and performance across iOS and Android

Mobile Developer (React Native) – incl. Freelance

2021 – 2023

Independent / remote · International clients (parallel to employment)

- Delivered e-commerce mobile apps end-to-end in React Native and TypeScript: payment-gateway integration, checkout flows, Redux and RxJS state, reusable components (Styled Components, Storybook) and store releases

React Native Developer

05/2021 – 12/2022

Logifox Infotech · Surat, India

- Atlantis Dubai** developed the official companion app for the Atlantis Dubai resort (curated stays, dining, entertainment, wellness) with React Native and Redux; REST integration and custom UI; live on [Play Store](#) and [App Store](#)
- Atlantis Circle** built a dining-rewards / loyalty app (discounts and restaurant bookings across 20+ venues): custom UI components, third-party API integration, automated testing and code reviews; live on [Play Store](#)

Android Developer (Intern → Developer)

03/2020 – 03/2021

Adsum Originator LLP · Surat, India

- Native Android (Kotlin/Java): shipped **\$ENG** (multi-currency funding/pooling app), **SAWA** (step-counter achievements) and **BRC** (Kotlin e-commerce app); deployed to Google Play, Amazon and Xiaomi app stores; UI design, debugging and performance work
